Filtercorp  
9805 NE 116<sup>th</sup> Street  
PMB A-200  
Kirkland, WA 98034

Howard:

This letter is your official notice that the following products have earned the distinction of the American Culinary Federation's Seal of Approval.

Filtercorp

1. Filtercorp Supersorb® Carbonpad filter pads

The products listed above were tested using the following criteria:

- Consistency of Physical Properties; Color and Texture
- Consistency of the Products for their Intended Use
- Performance of Products when Various Elements are Applied
- Adaptability of Products to Various Cooking and/or Presentation Procedures
- Validity and Accuracy of Packing, Labeling, and Marketing Claims

The product was observed and tested in two high volume frying restaurant chains. The pads performance and filter performance were as marketed.

These products have received the ACF Seal of Approval's endorsement having successfully completed the rigorous testing with distinction.

Sincerely,

Keith E. Davis CEC, AAC  
Chair – ACF Seal of Approval
